NOMINATING AND COMPENSATION COMMITTEE REPORT CONCERNING
FLEXSTEEL'S EXECUTIVE COMPENSATION POLICY

The Nominating and Compensation Committee of the Board of Directors is responsible for the establishing of the Company's policy for compensating executives. The Committee is comprised of non-employee directors.

COMPENSATION PHILOSOPHY -- The fundamental objective of Flexsteel's executive compensation program is to support the achievement of the Company's business objectives and, thereby, the creation of stockholder value. As such, the Company's philosophy is that executive compensation policy and practice should be designed to achieve the following objectives:

- * Align the interests of executives with those of the Company and its stockholders by providing a significant portion of compensation in Company stock.
- * Provide an incentive to executives by tying a meaningful portion of compensation to the achievement of Company financial objectives.
- * Enable the Company to attract and retain key executives whose skills and capabilities are needed for the continued growth and success of Flexsteel by offering competitive total compensation opportunities and providing attractive career opportunities.

In compensating senior management for its performance, two key measures are considered: return on equity and stock price. At the executive level, overall Company performance is emphasized in an effort to encourage teamwork and cooperation.

While a significant portion of compensation fluctuates with annual results, the total program is structured to emphasize longer-term performance and sustained growth in stockholder value.

COMPETITIVE POSITIONING -- The Committee regularly reviews executive compensation levels to ensure that the Company will be able to attract and retain the caliber of executives needed to run the Company and that pay for executives is reasonable and appropriate relative to market practice. In making these evaluations, the Committee annually reviews the result of surveys of executive salary and annual bonus levels among durable goods manufacturers of comparable size. The Committee periodically completes an in-depth analysis of salary, annual bonus, and long-term incentive opportunities among specific competitors assisted by an independent compensation consulting firm. The surveyed companies are included in the Household Furniture Index used as the peer group for purposes of the performance graph. While the pay of an individual executive may vary, the Company's Policy is to target aggregate compensation for executives at average competitive levels, provided commensurate performance.

COMPONENTS OF EXECUTIVE COMPENSATION -- The principal components of Flexsteel's executive compensation program include base salaries, annual cash bonuses, and longer-term incentives using Company stock.

BASE SALARY -- An individual executive's base salary is based upon the executive's level of responsibility and performance within the Company, as well as competitive rates of pay. The Committee reviews each executive officer's salary annually and makes adjustments, as appropriate, in light of any change in the executive's responsibility, changes in competitive salary levels, and the Company's performance.

ANNUAL INCENTIVE -- The purpose of the Company's annual incentive program is to provide a direct monetary incentive to executives in the form of annual cash bonus tied to the achievement of performance objectives. For executive officers, the Committee annually sets a targeted return on equity for the coming year, from which minimum and maximum levels are determined. Corresponding incentive award levels, expressed as a percentage of salary, also are set based primarily on an individual's responsibility level. If minimum performance levels are not met, no bonus award is made. After the completion of the year, the Committee ratifies cash bonuses as awarded based principally on the extent to which targeted return on equity has been achieved.

LONG-TERM INCENTIVES -- Longer-term incentive compensation involves the use of stock under two types of awards: Long-term incentive awards and stock options. Both types of awards are intended to focus executives' attention on the achievement of the Company's longer term performance objectives, to align the executive officers' interests with those of stockholders and to facilitate executives' accumulations of sustained holding of Company stock. The level of award opportunities, as combined under both plans, are intended to be consistent with typical levels of comparable companies and reflect an individual's level of responsibility and performance.

Long-term incentive awards are paid under the stockholder approved Management Incentive Plan. Awards give executives the opportunity to earn shares of Company stock to the extent that the three-year average return on equity objectives are achieved. As with annual incentives, various levels of performance goals and corresponding compensation amounts are established, with no awards earned if a minimum level is not achieved. Two-thirds of any earned shares are subject to forfeiture provisions tied to the executive's continued service with the Company. This provision is intended to enhance the Company's ability to retain key executives and provide a longer-term performance focus.

Stock options, as awarded under stockholder approved plans, give executives the opportunity to purchase Flexsteel common stock for a term not to exceed ten years and at a price of no less than the fair market value of Company stock on the date of grant. Executives benefit from stock options only to the extent stock price appreciates after the grant of the option.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER -- The total compensation for Flexsteel's CEO in fiscal year 2002 was established in accordance with the policies discussed above. Mr. Lauritsen's base salary increase reflects market movements in executive salaries. His annual cash incentive award and his long-term incentive award were based on the Company's achievement of minimum established target levels for return on equity. Mr. Lauritsen's stock option award was consistent with prior awards and those to other senior executives.

The Company's current levels of compensation are less than the \$1,000,000 level of non-deductibility with respect to Section 162(m) of the Internal Revenue Code.

PROPOSAL II

PROPOSAL FOR APPROVAL OF THE 2002 STOCK OPTION PLAN

The Compensation and Nominating Committee, recognizing that insufficient shares are available to provide further grants of stock options under the existing Company plan, advised the Board of Directors that it is in the interest of the Company to continue its longstanding practice of making stock options available to those employees responsible for significant contributions to the Company's business. The Compensation and Nominating Committee believes that the equity stake in the growth and success of the Company afforded by stock options provides such key employees with an incentive to continue to energetically apply their talents within the Company. Accordingly, on June 10, 2002, the Board of Directors, acting on the recommendation of the Compensation and Nominating Committee, unanimously approved the 2002 Stock Option Plan (the "Plan") and directed that it be submitted for consideration and action at the meeting of stockholders.

The following is a brief but not comprehensive summary of the Plan which continues a practice that began at the Company in 1969. The complete text is attached as Appendix A and reference is made to such Appendix for a complete statement of the provisions of the Plan. The Plan provides for the granting of options to purchase up to 500,000 shares of the Company's Common Stock, to be drawn from authorized but unissued shares and/or from shares acquired by the Company, including on the open market. The number and kind of shares subject to the Plan would be appropriately adjusted in the event of any change in the capital structure of the Company. Stockholders would have no preemptive rights with regard to shares allotted to the Plan. The Plan would be administered by the Company's Compensation and Nominating Committee which is composed of two or more directors who are not employees of the Company. Each member of the Compensation and Nominating Committee must be a "disinterested person" within the meaning of Rule 16b-3 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended from time to time. No member of the Compensation and Nominating Committee is eligible to receive options under the Plan except automatic formula grants as a director. Participants would be selected by the Compensation and Nominating Committee from among key employees of the Company. Optionees would be selected on the basis of demonstrated ability to contribute substantially to the effective management of the Company. The Compensation and Nominating Committee would determine both the number of optionees and the number of shares to be optioned to any individual under the Plan. The Board of Directors would be able to amend the Plan without further approval by the Stockholders, except insofar as such approval is required by law.

Under the Plan, nonstatutory stock options are automatically granted to non-employee directors of the Company. Each person who is a non-employee director is granted a nonstatutory 2,500 share option the day after the annual meeting of stockholders of the Company, at an exercise price equal to the fair market value (as defined in the Plan) of the Common Stock on the date of the grant. The option is immediately vested.

The Plan would enable the Company to grant either "non-qualified options" or "incentive stock options". No options could be granted under the Plan later than December 1, 2012. Options could have an exercise period of up to ten years as determined by the Committee.

In the event of termination of employment due to death, disability or retirement, the period of time for exercise varies from two (2) to five (5) years. The options would not be transferable, except in the event of death.

The exercise price per share for each option would be not less than the fair market value on the date of grant. It is provided that payment for the exercise may be made in stock or cash.

The aggregate fair market value (determined as of the time such option is granted) of the Common Stock for which any employee may have incentive stock options vest in any calendar year may not exceed \$100,000.

Proceeds received from optioned shares will be used for general corporate purposes.

Under currently applicable provisions of the Internal Revenue Code an optionee will not be deemed to receive any income for Federal tax purposes upon the grant of an option under the Plan, nor will the Company be entitled to a tax deduction at that time. However, upon the exercise of an option the tax consequences are as follows:

1. Upon the exercise of a non-qualified option, the optionee will be deemed to have received ordinary income in an amount equal to the difference between the option price and the market price of the shares on the exercise date. The Company will be allowed an income tax deduction equal to the excess of market value of the shares on the date of exercise over the cost of such shares to optionee.
2. Upon the exercise of an incentive stock option, there is no income recognized by the optionee at the time of exercise. If the stock is held at least one year following the exercise date and at least two years from the date of grant of the option, the optionee will realize a long-term capital gain or loss upon sale, measured as the difference between the option exercise price and the sale price. If either of these holding period requirements are not satisfied, ordinary income tax treatment will apply to the amount of gain at sale or exercise, whichever is less. No income tax

deduction will be allowed the Company with respect to shares purchased by an optionee upon the exercise of an incentive stock option, provided such shares are held for the required periods as described above.

There is no current charge against the Company in connection with the grant of an option or the exercise of an option for cash. The exercise of an option for stock may result in a charge against income.

Under the Internal Revenue Code, an option will generally be disqualified from receiving incentive stock option treatment if it is exercised more than three months following termination of employment. However, if the optionee is disabled, such statutory treatment is available for one year following termination. If the optionee dies while employed by the Company or within three months thereafter, the statutory time limit is waived altogether. In no event do these statutory provisions extend the rights to exercise an option beyond those provided by its terms.

The closing price of the Common Stock of the Company on October 15, 2002, based on composite trading data published in the Wall Street Journal, was \$14.26 per share.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present and entitled to vote at the Meeting will be required for approval of the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE 2002 STOCK OPTION PLAN. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY OTHERWISE IN THEIR PROXIES.

PROPOSAL III

Stockholders are urged to vote, date, sign and return the Proxy form in the enclosed envelope to which no postage need be affixed if mailed in the United States. Prompt response is helpful and your cooperation will be appreciated.

This provision does not apply to Non-employee director Options.

(4) The Board, or the Committee, may correct any defect, supply any omission or reconcile any inconsistency in the Plan, or in any granted Option, in the manner and to the extent it shall deem necessary to carry it into effect.

SECTION 4

SHARES SUBJECT TO THE PLAN:

(a) Shares to be delivered upon exercise of an Option under the Plan shall be made available at the discretion of the Board of Directors either from authorized but unissued shares of the Company's Common Stock or shares acquired by the Company, including shares purchased in the open market.

(b) In the event of merger, reorganization, consolidation, recapitalization, stock dividend, stock split, or other change in corporation structure affecting the Company's Common Stock the number of shares of Common Stock available for Options and subject to outstanding Options shall be adjusted proportionately. Similarly, the Option price per share of outstanding Options shall be appropriately adjusted. However, fractional shares may be rounded to the nearest whole share.

SECTION 5

ELIGIBILITY AND PARTICIPATION:

(a) The persons eligible for participation in the Plan shall be full-time managerial, administrative or professional employees of the Company, Non-employee directors and those other employees who are key to the Company's success. This includes officers, whether or not Directors of the Company. Participation in the Plan shall not be automatic except for Non-employee directors who shall be granted Options in amounts and pursuant to the terms only as provided by Section 5(e) herein and not otherwise.

(b) Subject to the limitations of the Plan, the Committee shall select the persons to participate in the Plan, determine the number and Option price of shares subject to each Option, and determine the date when each Option shall be granted and the date when each Option shall expire. The date the employee becomes an Optionee is the date of his Agreement with the Company. More than one Option may be granted to the same Optionee and an Optionee may enter into more than one Agreement with the Company.

(c) No Incentive Stock Option shall be granted to anyone who, immediately after such Option would otherwise be granted, would own stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company.

(d) An Option granted to an Optionee under this Plan shall in all events lapse upon expiration of the Option period, if not exercised, lapsed, canceled or otherwise terminated prior thereto. If an Option granted hereunder is not exercised but is canceled, terminated or

lapsed, the shares covered by such Option shall become again available for grant by the Committee under this Plan.

(e) Each person who becomes for the first time a Non-employee director, including by reason of election, appointment or lapse of three (3) years since employment by the Company (whether or not that person is standing for re-election that year), will receive an immediate one-time Option grant for 2,500 shares. Each Non-employee director will receive an Option grant for 2,500 shares on the first business day following each annual meeting. The following terms and conditions are applicable to each Option. The Option price per share will be equal to one hundred percent (100%) of the fair market value on the date of the Option grant. The Options will have terms of ten years measured from the date of the Option grant. In the event the Optionee ceases to serve as a director the Option may be exercised for a period of five (5) years after the date of cessation unless cessation is caused by reason of disability or death in which case the option may be exercised for a period of two (2) years. In the case of death the Option may be exercised within such period by the estate or heirs of the Optionee. The above exercise periods do not extend the option period as established at time of grant.

SECTION 6

TERM OF THE PLAN AND OPTION PERIOD:

(a) The Plan shall automatically terminate on December 1, 2012, which is within ten years from the Date of Adoption. No Options shall be granted after the date of such termination. However, the Plan shall remain in effect as to all outstanding Options until the outstanding Options are exercised, canceled, terminated or lapsed.

(b) Such termination shall not adversely affect Options previously granted.

(c) Subject to the provisions of the Plan with respect to death, disability, retirement, termination of employment, or otherwise, the maximum period during which each Option shall be exercised shall be fixed by the Committee, except for Non-employee directors, at the time each such Option is granted, but in no event shall it exceed ten years from the date of such grant.

SECTION 7

OTHER PROVISIONS:

The Committee may grant either Incentive Stock Options or Nonqualified Stock Options to employees. Where an Incentive Stock Option and a Nonqualified Stock Option are

awarded by the Committee, such Options shall constitute separate grants and shall clearly be identified as such. In no event will the exercise of one such Option affect the right to exercise the other such Option. If an Incentive Stock Option is awarded, absolutely all terms and conditions making it so must be complied with by the Company and the Optionee.

(a) **OPTION PRICE:** The Option price for shares of Common Stock of the Company shall be one hundred percent (100%) of the fair market value of such Common Stock on the date the Option is granted. For the purposes of this Plan, such fair market value shall be determined (i) in case the Common Stock shall not then be listed and traded upon a recognized securities exchange, upon the basis of the mean between the bid and asked quotations for such stock on the date of grant (as reported by a recognized stock quotation service) or, in the event that there shall be no bid or asked quotations on the date of grant, then upon the basis of preceding the date of grant, or (ii) in the case the Common Stock shall then be listed and traded upon a recognized securities exchange, upon the basis of the mean between the highest and lowest selling prices at which shares of the Common Stock were traded on such recognized securities exchange on the date of grant or, if the Common Stock was not traded on said date, upon the basis of the mean of such prices on the date nearest preceding the date of grant, and upon any other factors which the Committee shall deem appropriate.

(b) **MAXIMUM OPTION GRANTS:** The aggregate fair market value (determined at the time the Option is granted) of the stock with respect to which Incentive Stock Options are exercisable for the first time by such individual during any calendar year (under all such plans of the Company and its parent and subsidiary corporations, if any) shall not exceed \$100,000. Options granted in excess of the applicable statutory limit shall be treated as Nonqualified Stock Options.

(c) **EXERCISE OF OPTIONS:** Each Option granted under the Plan shall be exercisable at the Option price set forth in the Agreement, on such date or dates during such Option Period (not exceeding ten years from the date of such grant) and for such number of shares as determined by the Committee and as is set forth in the Agreement with respect to such Option. However, no Option granted hereunder to any employee may be exercised except in the case of death, disability or retirement pursuant to any pension or retirement plan of the Company, until two years of continued employment with the Company has elapsed. Any Optionee desiring to exercise any Option hereunder shall give written notice to the designated financial officer of the Company and include therein full payment for the shares supporting such Option. Full payment of the exercise price including any tax due is to be made in cash, with the stock of the Company or with a combination of both. Notice is only valid when full payment is included therewith.

(d) TRANSFERABILITY OF OPTIONS: An Option granted under the Plan may not be transferred except by will or the laws of descent and distribution, and during the lifetime of the Optionee shall only be exercisable by the Optionee. The Optionee shall have no interest in the stock subject to Options and shall have no rights until the shares are fully paid for and certificates for such stock are issued to the Optionee.

(e) PAYMENT FOR SHARES: No shares shall be issued to any Optionee until notice, as defined in Section 7(c) has been given to the Company. Within 45 days after the receipt of said notice to exercise the Option, the Company shall deliver to the Optionee certificates representing all stock purchased thereunder.

(f) RESTRICTION ON SALE OF SHARES: Any stock received pursuant to the exercise of an Incentive Stock Option which is sold within either: 1) two years from the effective date of the Option grant, or 2) within one year of the effective date of exercise, shall not be afforded the tax treatment of Incentive Stock Options. However, if any Optionee disposes of shares of Common Stock of the Company acquired on the exercise of an Incentive Stock Option by sale or exchange, either: 1) within two years after the date of the Option grant of the Incentive Stock Option under which the stock was acquired, or 2) within one year after the acquisition of such shares, the Optionee shall notify the Company of such disposition and of the amount realized upon such disposition.

(g) If any Option is not granted, exercised or held pursuant to the provisions of this Section, it will be considered to be a Nonqualified Stock Option to the extent that any or all of the Option grant or exercise is in conflict with the above restrictions.

SECTION 8

DEATH, RETIREMENT AND TERMINATION OF EMPLOYMENT:

Any Option granted to an employee, the period of which has not lapsed or expired, shall terminate at the time of the death of the Optionee to whom the Option was granted or on the retirement or termination for any reason of such Optionee's employment with the Company, and no shares may thereafter be delivered pursuant to such Option, except that:

(a) within two years after the date of the Optionee's death, during which two year period the Option may be exercised by the Optionee's estate, legal representative, or legatee or such other person designated by an appropriate court as the person entitled to exercise such Option but only to the extent the Optionee was entitled to exercise it at the time of death. The Option must be exercised in the manner provided for in Section 7(c).

(b) within five years after termination of employment by reason of retirement pursuant to any pension or retirement plan of the Company or cessation of serving as a non-employee Director and to the extent the Optionee would have been able to exercise it at the time of such termination or cessation. The Option must be exercised in the manner provided for in Section 7(c).

(c) within two years after termination of employment by reason of disability to the extent the Optionee would have been able to exercise it at the time of such termination. The Option must be exercised in the manner provided for in Section 7(c).

Nothing in this Section 8 shall extend the option period as established at time of grant.

SECTION 9

AMENDMENT OF THE PLAN:
